https://www.tatrachema.com/en/	Ing. Igor Fixek i.fixek@tatrachema.sk +421 33 5901 173	TATRACHEMA, a production cooperative based in Trnava, Slovakia, is a leading manufacturer of household and industrial chemical cleaning products.	Over 70 products designed to clean all common surfaces and places in household and industrial environments, including liquid cleaners, paste, powder and granular products.	FMCG distributors, wholesalers and retail chains interested in chemical products, branded or private label cooperation. In addition to our own branded products, we also offer contract manufacturing of chemical products for external partners. Furthermore, through our established sales and logistics network in Slovakia and the Czech Republic, we can support the distribution and sale of non-competing products in this segment.
